Help us find a cure for Motor Neurone Disease

By asking your customers to donate 50p4MND

- Motor Neurone Disease is a fatal, rapidly progressing disease that affects the brain and spinal cord.
- MND kills a **third** of people within in a year and more than half within **two years** of diagnosis.
- **There is no effective treatment and no cure.**
- Together we will create hope, in memory of Mel, and those fighting or lost to MND.

By adding a discretionary 50p to your customers bill, you will help bring us closer to a world free from MND.
